Superintendent's Report

To the School Board and Citizens of East Kingston:

I herewith present my tenth annual report as superintendent of the East Kingston schools.

TEACHING STAFF

Below is the list of the teachers for this school year:

Name	Trained at	Experience
Mrs. Clara Merrick	Lowell Normal '18	19
Mrs. Eva Philbrick	Sanborn Sem. '99	26 1-3

Again our report shows that the same two teachers remain as last year. Their retention indicates satisfaction and worth. Conscientious, hard-working teachers are just as difficult to find today as ever. You have been successful in retaining yours and I hope you will give them every appreciation and help that comes within your power.

PUPIL ACHIEVEMENT

	Reached or Bettered Grade	Below Grade
Grade I	8	0
Grade II	7	2
Grade III	9	3
Grade IV	2	0
Grade V	4	1
Grade VI	4	0
Grade VII	9	0
Grade VIII	3	0

The above represents a total of some 11% below grade, an unusual number for your district. However, I cannot say that the instruction has been different or less vigorous, for such is not the case. Some districts have as many

as 20 or 25 per cent below grade without feeling alarmed. It happens that a small number in your schools cannot maintain their grade. Considering this with the comparatively small total number of pupils, we have no cause for alarm.

FINANCES

A comparison of school costs of this union should be of interest to you:

PER PUPIL COSTS 1935-36

	Per Pupil Cost	State Aid Per Pupil	1935-36 Net to District	1932-33 Net to District
Brentwood	57.91	22.16	35.75	38.33
Danville	73.21	27.98	45.23	39.16
E. Kingston	84.53	30.75	53.78	84.73

Epping	48.84	20.41	28.43	34.12
Fremont	56.09	15.35	40.74	51.14
Kingston	66.08	19.95	46.13	48.16
Sandown	74.21	33.55	40.66	44.86
South Hampton	116.77	44.07	72.70	82.56
State Median	77.93			

You will notice from this tabulation in the net figure column, the effect of State Aid upon your costs. Your costs are next to the highest in this Union but indicate a substantial reduction from the figure of three years ago. The increase in State Aid represents a large share of this saving to the local district.

CURRENT COST OF PUBLIC EDUCATION

Per $1000 of Equalized Valuation, 1935-36, for some of the 242 districts in the state, including those of this union.

		Local Dist.	State Aid	Tot. Elem.	High School	Other Current	Tot. Current	
1	Monroe	1.70		1.70	.47	.09	2.25	Lowest
8	Hampton	3.47		3.47	1.35	.47	5.29	
106	Fremont	5.59	2.28	7.87	1.75	.81	10.43	
122	Derrytown	5.63	.27	6.80	3.47	.88	11.15	Median
171	Kingston	5.82	2.82	8.64	4.42	.86	13.92	
173	Brentwood	5.10	3.95	9.05	3.86	1.02	13.93	
184	Epping	5.11	4.30	9.41	3.60	1.27	14.28	
200	E. Kingston	6.29	3.75	10.04	3.90	.96	14.90	
208	S. Hampton	5.74	4.35	10.10	4.28	.96	15.34	
217	Sandown	5.12	5.91	11.03	3.80	1.24	16.07	
226	Danville	5.85	4.87	10.72	6.13	1.14	17.99	
234	Westmoreland	5.80	8.43	14.23	4.21	1.51	19.95	
242	Alstead	10.35	4.69	15.04	12.45	2.28	29.77	Highest

If you compare your total current cost per $1000 with the other districts of this union, you will notice three other districts in less favorable situations than your own. Although still not what we would desire it, if State Aid was not forthcoming, local taxation would have to stand the whole of the $14.90. Subtracting from this latter figure the

$3.75 in State Aid, we get $11.15 as the net result to the district—a computation which reflects favorably with the median districts of the State not aided.

MUSIC

An innovation has been started this year in the field of music teaching in the schools. Prior to this year, three districts of this Union had supported a music teacher and supervisor. The other five districts relied upon the varying talents of their teachers to carry on the program in this important phase of cultural and leisure-time attainments. So, with a desire to see the development and coordination of these efforts, the State Department of Education offered to finance the salary of a music teacher in all state-aided districts provided a whole Union would finance the necessary travelling expense. This offer was placed before every board in this Union and accepted this Fall. The organization was completed and became effective November 30, 1936.

In the short time that the plan has been in operation, we find a hearty response to its effectiveness and value. The schools in which the plan is not new are pleased for its continuance and those in which no supervisor formerly taught are enthusiastic for the innovation. I am happy to say that I believe this plan for music instruction of this type is the most important development we have accomplished during my tenure in this office. A warning to all concerned was given that the expectation of results need not be great for the remainder of the year, but our fondest hopes have been exceeded by the accomplishments to date.

Financially, this arrangement has proved a help to those districts in which a supervisor had been employed. The salary proportion for which they are responsible now becomes a part of State Aid whereas they formerly bore the whole cost. The five new districts have added but a small charge for travelling expense, the salary being no charge whatsoever.

CONCLUSION

I am again pleased to report the genuine cooperation of a conscientious teaching staff and the sympathetic guidance of an interested School Board. The work of the year has been both pleasant and profitable for pupils and school officials.

Very respectfully,

HAROLD C. BOWLEY,
Superintendent of Schools.
